This reference guide is for your use in answering questions of prospective students and parents. Subjects are listed alphabetically on the RIGHT hand margin for easier search. If you are unable to find the answer to a specific question, refer the student or parent to the Office of Admissions, 1-800-248-7448.

Academic Calendar

Rose-Hulman is on a 10 week quarter system: Fall, Winter and Spring. Classes begin around Labor Day and end around Memorial Day. Some schools call this a tri-semester system. A summer session is held with a limited offering of classes.

Accreditation

All engineering programs at Rose-Hulman are fully accredited by the Accreditation Board for Engineering and Technology (ABET). In addition, the school is accredited by the North Central Association and the Department of Public Instruction for the state of Indiana. The Chemistry program has also been approved by the American Chemical Society.

Admission Criteria

Many factors go into making an admissions decision. The following criteria are only part of the process. Because of this, never guarantee admission to any student. Always encourage students to apply. The following are minimum academic requirements for admission to Rose-Hulman:

Course Preparation

- 4 years English
- 4 years Mathematics (through Trigonometry)
- 2 years Social Sciences
- 1 year Physics
- 1 year Chemistry

Test Scores*

- SAT Critical Reading: 500  *Currently the SAT / ACT
- SAT Math: 550 or  Writing Portion is not
- ACT English: 21 factored in the Admissions
- ACT Math: 24 process.

High School Performance

Top 25 % of high school graduating class
If a school does not rank, an applicant will be reviewed based on quality of courses taken and grades attained.
Recommendation
Counselor, teacher, or principal

Advance Placement (AP)

In general, Rose-Hulman awards advanced placement credit for scores of 4 or 5 on the College Board’s AP examination. Credit is awarded in Physics only if the exam is the “C” or calculus-based exam.

Also, credit is awarded for completion of the International Baccalaureate (IB) program. Credit is awarded for scores of 5 or higher on the Higher Level (HL) examinations.
Applying to Rose-Hulman

Rose-Hulman receives over 5000 applications for freshman admission each year. Admission is very competitive. The following are the steps towards admission:

- Students may apply for freshman admission after their junior year in high school is complete.
- Early action (non-binding) deadline is November 1 with notification of an admissions decision by December 15.
- Regular decision deadline is February 1 with notification of an admissions decision by March 15.
- Students should complete the student portion of the application and ask the counselor to complete Part C; then the student must ask for teacher, counselor, or principal recommendation.
- Once a student is admitted, s/he has until May 1 to make a final college decision.
- An enrollment/housing deposit of $400 is required by May 1 to guarantee a student’s place in the freshman class.

Athletics and Recreation

There is an extraordinary variety of athletic and recreational opportunities on campus. The Sports and Recreation Center offers an eight lane pool and diving well and a field house with a 200 meter indoor track, four basketball/volleyball courts, one tennis court, weight room, two racquetball courts, aerobics room, stationary exercise equipment; and a competition arena that seats 1800. Also, there are six lighted outdoor tennis courts and a lighted intramural complex that holds three softball fields that can be converted to one and a half football practice fields and one soccer field. Other facilities include Cook Stadium and Phil Brown Field for football and outdoor track, Jim Rendel Field for soccer, Art Nehf Field for baseball and a softball field.

Varsity Sports

Rose-Hulman is a member of the NCAA Division III. By definition, no athletic scholarships are awarded. Rose-Hulman is currently a member of the Heartland Collegiate Athletic Conference. The other eight members of the HCAC are:

- Anderson University (IN)
- Bluffton College (OH)
- Defiance College (OH)
- Earlham College (IN)
- Franklin College (IN)
- Hanover College (IN)
- Manchester College (IN)
- College of Mt. St. Joseph (OH)
- Transylvania University (KY)

Varsity sport programs are offered in the following areas:

Men:
- Basketball
- Baseball
- Cheerleading
- Cross Country
- Football
- Golf
- Soccer

Women:
- Basketball
- Cheerleading
- Cross Country
- Golf
- Soccer
- Softball
- Swimming and Diving
- Tennis
- Track
- Volleyball

Intramurals

Rose-Hulman also offers a huge intramural program. In many sports, there are multiple levels of competition. Nearly 90% of the student body participates. Some of those competitions include:

<table>
<thead>
<tr>
<th>Fall</th>
<th>Winter</th>
<th>Spring</th>

Average Class Size

The average classroom size is 20 students.

Campus Visits

Campus visits are definitely encouraged. Due to the large volume of visitors, we ask that students visit sometime after April 1 of their junior year of high school. Each visit is designed around an individual's interests. Because of this, it is not unusual for a visit to last 3-4 hours. We strongly suggest that a student and family make a reservation before coming to campus. Daily appointments are taken at 9:00 a.m. and 1:30 p.m., Monday, Tuesday, Thursday, and Friday. A campus visit could include any or all of the following:

- Meeting with an admissions office staff member
- Campus tour
- Talking with an academic department representative
- Attend a freshman level class
- Discussion and explanation of Rose-Hulman financial aid programs
- Meeting with coaches

Overnight stays are scheduled on specific nights in the spring; these dates will be posted on the website. Large group visitation days are scheduled about once a month. Dates and times are announced through the mail and website on a regular basis.

Career Services

Rose-Hulman has one of the best career placement records in the nation. For 30 years, Rose-Hulman has maintained a placement rate of 96-100% within six months of graduation. The Career Services Office in the Student Union houses five interview rooms, a library of over 500 company profiles and job search tools and resources provided free of charge.

- Career counseling begins the freshman year
- Nearly 350 companies annually visit campus for interview purposes
- The yearly fall career fair attracts over 200 companies
- Class of 2013 has a 98% placement rate
- The average starting salary for a 2013 graduate was $65,867
- There is a robust co-op and internship program. Currently, over 95% of graduating seniors will have had a co-op or internship
- Approximately 20% of graduates immediately attend graduate school

Cars

Freshmen are allowed to have a vehicle on campus and may park in any student lot. There is ample parking available and there is no charge for parking privileges.
Clubs
See “Student Organizations”

Computers
There are numerous specialty computer labs on campus in addition to the laptop computer requirement. For more information on the laptop requirement, see “Laptop Computer”.

Costs
The following represents an estimate of the complete cost of attending Rose-Hulman. When comparing this cost to other schools, it is important to remember that it includes the laptop computer and book estimates. All costs have been estimated with the exception of travel. Chemical Engineering and Chemistry majors have an additional $200 software cost in the freshman year.

Dorms
See “Residential Life”
**Enrollment Deposit**

After a student is admitted, he/she has until May 1 of their senior year to make a final commitment for college. This is a national date to which all colleges and universities are expected to adhere. A student becomes an official member of the freshman class by submitting a $400 housing/enrollment deposit. The deposit has no bearing on financial aid. The deposit is non-refundable.

**Faculty to Student Ratio**

The faculty to student ratio is 1:13.

**Financial Aid**

Rose-Hulman makes every attempt to make our education affordable. There are two types of financial aid: Need-based and Merit-based. A student may qualify for both, depending upon his/her academic background and the family financial situation.

The filing of the Free Application for Federal Student Aid (FAFSA) is the only financial aid form necessary. This one form will determine a student’s eligibilities for federal, state and Rose-Hulman aid based on the financial situation of the family. The FAFSA can be filed after January 1 and before March 1 of the senior year of high school.

Refer specific questions about financial aid to the Office of Admissions and the Office of Financial Aid. DO NOT RELY UPON YOUR EXPERIENCE. THIS AREA CHANGES FREQUENTLY AND INFORMATION CAN QUICKLY BECOME OUT OF DATE.

**Food Service**

An 18 meal plan is provided as part of room and board. A broad selection of food is available at each meal with unlimited “seconds”. Vegetarian and religious dietary requirements can also be accommodated. In addition to the main dining hall, there is the Noble’s Romans/Jump, Java City coffee cart, Logan’s and Subway on campus.

**Fraternities**

See “Greek Organizations”

**Graduate Programs**

Rose-Hulman maintains small graduate degree programs as a complement to the undergraduate curriculum and as a service to the local area. Approximately 125 students are enrolled in the graduate school on campus and at three off-campus sites. Masters degrees are offered in the following areas:

- Biomedical Engineering
- Chemical Engineering
- Civil Engineering
- Electrical Engineering
- Engineering Management
- Environmental Engineering
- Mechanical Engineering
- Optical Engineering
- Software Engineering

**Graduation Rates**

Persistence of Rose-Hulman students is much higher than the national norm. Nationally, only 45% of freshman engineering students graduate from an engineering program.

At Rose-Hulman, nearly 95% of freshmen return for the sophomore year and 83% of incoming students graduate from Rose-Hulman. Also, nearly 90% of Rose-Hulman graduates do so in 4 academic years.
Greek Organizations

About 45% of Rose-Hulman students are members of a fraternity or sorority. Most of the chapters have chapter housing facilities and recruitment is held in the fall.

Health Services

Rose-Hulman maintains a limited health care service for students. Five mornings a week, a nurse and doctor are on duty. Ordinarily, medicine is distributed free, but certain services such as x-rays, laboratory tests and special prescription drugs are not available on campus. A medical form is required to be on file for all students. In addition, two hospitals are located in Terre Haute.

Counseling services are also provided. Professional counselors are available for students to visit if needed.

Humanities

Rose-Hulman offers a rich and diverse course offering in the humanities and social sciences. Over 150 courses are available with 15 minors offered. Rose-Hulman actually requires more humanities courses for graduation than is needed for ABET accreditation. The Rose-Hulman graduation requirement also dictates that the courses be across a broad spectrum of course offerings. Also, students may cross-register at Indiana State University or St. Mary-of-the-Woods College.

International Baccalaureate

See “Advanced Placement”

Intramurals

See “Athletics”

Laptop Computers

Every student at Rose-Hulman is required to purchase through the college an approved computer.

Included in the purchase is:

- A software suite valued at more than $3000
- Free upgrades on all supplied software for as long as they are students at Rose-Hulman
- A four year warranty
- An insurance policy
- Repair services provided by Rose-Hulman
- Loaner units, should a student’s machine need repair

Library

The Logan Library on the Rose-Hulman campus is home to over 60,000 volumes and over 200 subscription publications. It is primarily a science and engineering resource center. For other needs, students use additional local resources. Rose-Hulman participates in a consortium arrangement with Indiana State University and St. Mary-of-the-Woods College. Electronic catalogs give students information about the 1,250,000 holdings of the three libraries. Rose-Hulman students have lending privileges at the other facilities as if they were students on that campus. Also, an extensive interlibrary loan program is in place.
Majors, Minors and Certificates

Rose-Hulman offers 16 majors in engineering, science and mathematics (International Studies is a second major only based in the HSS Department). In addition, 25 minors and 6 certificate programs are also available. Certificate programs can be described as multi-disciplinary minors.

**Majors:**
- Applied Biology
- Biochemistry
- Biomedical Engineering
- Chemical Engineering
- Chemistry
- Civil Engineering
- Computer Engineering
- Computer Science
- Economics
- Engineering Physics
- Electrical Engineering
- International Studies
- Mathematics
- Mechanical Engineering
- Optical Engineering
- Physics
- Software Engineering

**Minors:**
- Anthropology
- Environmental Engineering
- Art
- European Studies
- Astronomy
- History
- Biomedical Engineering
- Imaging
- Chemical Engineering
- Language and Literature
- Chemistry
- Latin American Studies
- Computer Science
- Mathematics
- Engineering Physics
- East Asian Studies
- Modern Languages
- Economics
- Music
- Certificates:
- Imaging Program
- Technical Translation
- Optical Communications
- Semiconductor Program

**Music and the Fine Arts**

There are numerous musical and fine arts outlets for the Rose-Hulman student. Three bands are available - Jazz, Pep and Concert. Also, the Rose-Hulman Chorus is made up of individuals with vocal talents, and the string ensemble is home to many student string players. Finally, the Drama Club performs three times a year under the direction of a professional director. Hatfield Hall, Rose-Hulman’s performing arts center and auditorium, opened in 2003.

The annual Engineers in Concert program is an opportunity for members of the Rose-Hulman community to showcase their musical talents. This event is one of the eight or nine performances that make up the Fine Arts Series, which is free for students.

**Operation Catapult**

See “Summer Programs”

**Pre-Professional Programs**

Engineering is not “pre” anything. However, it can be excellent preparation for future studies in medicine, business and law. Large numbers of Rose-Hulman graduates pursue advanced degrees in areas other than engineering and science.

**Pre-Medicine**
Over the last 20 years, Rose-Hulman has had a 90% admission rate to medical school. A little known statistic is that medical schools admit engineering students at a higher rate than the more traditional sciences.

**Pre-Law**
Rose-Hulman has numerous alumni who are attorneys specializing in patent, intellectual or environmental law.

**MBA**
The most popular non-engineering or science advanced degree pursued by Rose-Hulman graduates is the MBA.
Residential Life

Freshmen are required to live on campus. There are nine residence halls on campus housing approximately 1100 students. Each room is equipped with the following:

- Computer network connection for each resident
- Cable TV connection for local basic service
- Beds, wardrobes, desks and chairs for each student
- All resident hall rooms are carpeted

Each floor in the freshman halls is staffed with a resident assistant (RA) and two Sophomore Advisors (SA). The RA is a junior or senior and has duties that include counseling, rule enforcement, and community building. The SA is there to help freshmen with adjustment to campus life and to serve as academic tutors.

Retention Rates

See “Graduation Rates”

ROTC

Both Army and Air Force ROTC programs are available at Rose-Hulman. Different types of scholarships are offered by these programs. Typically, the scholarships will cover $5000 to full tuition, books, and pay a stipend of $350 to $500 per month. Application needs to be made before November 15 of the senior year in high school. Applications can be requested from the ROTC offices at Rose-Hulman.

Rose-Hulman Ventures

Rose-Hulman Ventures was established through the generosity of the Lilly Foundation in 2000. The gift, $29.7 million, provided funds for a business incubator and business tech support center. Located 3 miles south of the campus on IN 46, it provides space for start-ups and established companies alike. There are excellent employment and internship opportunities through RHV.

Security

Rose-Hulman’s campus is an extremely safe one. Despite this, all students are encouraged to use caution and common sense when traveling on campus. No violent crime has been reported on campus in the history of the school. A security force is on duty 24 hours a day for student assistance. Also, Rose-Hulman is within the limits of Terre Haute and is also covered by the city police and fire departments.

Sororities

See “Greek Organizations”

Special Programs

Fast Track Calculus

This program is an invitation only program designed for extraordinary mathematics students. Fast Track Calculus is a five week program during the summer previous to the beginning of the academic year. Coverage of material equals the content of Calculus I, II, and III. A student receives 15 quarter hours of credit at the completion of the program. There is a charge for this program.

Accelerated Math/Physics

Accelerated Math/Physics is an integrated program in calculus and physics designed to accelerate your career at Rose-Hulman. In a five-week program in the summer before the start of your freshman year, you will learn both calculus and physics in an integrated manner and earn credit for Physics I, Physics II and Calculus III (PH 111, PH 112 and MA113), 13 credits. There is a charge for this program.
Student Organizations

Rose-Hulman offers a huge variety of student organizations and clubs. It is believed that this is one of the vital differences between Rose-Hulman and other engineering and science colleges. In addition to Greek organizations and athletics, here is a brief selection of some of our student clubs:

**Clubs** (more on website)
- Actuarial Club
- Anime Society
- Ballroom Dance Club
- Bowling Club
- Chess & Go Club
- Circle K
- College Republicans
- Cycling Club
- Dance Team
- Fellowship of Christian Athletes
- Fencing Club
- Film Club
- Habitat for Humanity
- Human Powered Vehicles Team
- International Student Assoc.
- InterVarsity Christian Fellowship
- Linux Users Group
- Martial Arts Club
- Materials Advantage Club
- Modulus (Yearbook)
- Paintball Club
- Rose Improv Club
- Rose Bands
- Jazz
- Pep
- Concert
- Rose-Hulman Chorus
- Rose-Hulman Drama
- Rose-Hulman String Ensemble
- Rose Tech Radio Club
- SCUBA Club
- Student Activities Board
- Student Alumni Association
- Student Government Assoc.
- Spanish Club
- Sustainability Club
- Team Rose Motor Sports
- Ultimate Frisbee Club

**Professional Societies** (more listed on website)
- American Institute of Aeronautics and Astronautics
- American Institute of Chemical Engineers
- American Society of Civil Engineers
- American Society of Mechanical Engineers
- Institute of Electrical and Electronic Engineers
- International Society of Pharmaceutical Engineers
- National Society of Black Engineers
- Society of Asian Scientists and Engineers
- Society of Hispanic Professional Engineers
- Society of Women Engineers

**Honorary Societies**
- Alpha Chi Sigma (Chemistry)
- Alpha Lambda Delta (Freshmen)
- Eta Kappa Nu (Electrical Engineering)
- Blue Key (Leadership)
- Omega Chi Epsilon (Chemical Engineering)
- Pi Mu Epsilon (Mathematics)
- Tau Beta Pi (Engineering)
- Upsilon Pi Epsilon (Computer Science)

**Publications**
- *Rose Thorn* - newspaper
- *Quarterly* - literary journal
- *Modulus* - yearbook

**Study Abroad**

Students are eligible to apply for the Foreign Studies Program after the completion of their sophomore year. Rose-Hulman has exchange agreements with universities in the following countries:

- China
- Germany (2)
- Ireland
- Italy
- Japan
- Lithuania
- Russia

**Summer Programs**

Rose-Hulman offers a summer program for between the junior and senior years of high school called Operation Catapult. This three week program is designed as a group oriented, hands on opportunity for students to learn more about engineering and science. Any student who is on the Rose-Hulman Office of Admissions mailing list in the spring of their junior year will receive an invitation to apply.

**Transfer Credit**

In general, if a student takes an accredited college course comparable to a Rose-Hulman course and receives a grade of “C” or higher, credit will be awarded. No credit will be awarded until the chair of the appropriate department evaluates the course. Specific credit transfer questions should be referred to the Office of Admissions.
Transfer to Rose-Hulman

Rose-Hulman does accept students from other colleges and universities as transfer students. The application process is different than for high school students. Please refer all inquiries about transferring to Rose-Hulman to the Office of Admissions.

The Learning Center provides tutors in all freshman subjects to all students free of charge. Writing skills are also sharpened here, as well. A test file is maintained for student use.
